**Attachments:** CAuse&disposal2012.xlsx

Hoss,

This shows 2012 biosolids use and disposal by POTW (majors only), and has the counties of origin, counties where applied or landfilled, or composters that it went to (under "transferred to another facility". Some POTWs sent biosolids to several different composters, as well as other use or disposal practices. The figures are expressed in dry metric tons for the calendar year. Let me know if you have any questions on it.

Lauren
